

SEA HORSE 2,5

	Sea Horse
Power Hp	2,5
Power Kw	1,84
Max RPM	5500/6000
Motor type	4 stroke OHV
Displacement c.c.	55
Bore x Stroke (mm)	47 x 32
Nr. cylinders	1
Induction	1 carburettor
Fuel	Unleaded petrol
Fuel tank (lt.)	Built-in 1,3 lt.
Oil tank (lt.)	Built-in 0,5 lt.
Lubrication	Automatical oil injection into the carburettor
Ignition	I.D.I.
Ignition timing	Fixed
Starting	Manual
Cooling	Engine air cooled Exhaust system water cooled
Exhaust	Under Water
Trim adjustment	Manual (4 positions to be selected by pin location)
Direction reversal	Mechanical A-F-R
Transmission ratio	13/27
Propeller type	3-bladed
Weight basic version (Kg)	15

SEA HORSE 2,5 HP
